Re: Notice of Oral Ex Parte Presentation
Early Termination Fees Proceeding WT Docket No. 05-194
Implementation of the Commercial Spectrum Enhancement Act and
Modernization of the Commission's Competitive Bidding Rules and
Procedures, WT Docket No. 05-211

Dear Ms. Dortch:

On May 18, 2007, Amina Fazlullah of U.S. Public Interest Research Group met with Barry Ohlson Legal Advisor Commissioner Adelstein's Office. At this meeting the Ms. Fazlullah discussed some of the issues raised in advance of the return and auctioning of the 700mhz spectrum, specifically expressing concern that auction rules encourage the entrance of new national competitors. She also inquired into the status of the early termination fee proceeding (ETF).

Ms. Fazlullah suggested that to encourage the introduction of a non-incumbent national broadband wireless provider that the blocks be tailored to encourage the development of a new national competitor.

She also suggested that new entrants receive special consideration to help encourage the growth of non-incumbent competitors.

Finally, Ms. Fazlullah enquired into the status of the ETF proceeding and reiterated concerns regarding possible preemption of consumer protective state laws.

Pursuant to Section 1.1206(b), 47 C.F.R §1.1206(b) of the Commission's rules, this letter is being filed electronically with your office today.

Respectfully submitted,
/s/

Amina Fazlullah
